

Grip It[®] Oil Therm C5

The highly versatile Grip It[®] Oil Therm C5 comprises two layers of nitrile coating to provide maximum EN388 scores in all categories and ultimate gripping ability. The first layer is a full coating and is liquid-resistant. The second layer coats the palm of the glove and incorporates microfoam bubbles, which increase resistance to oil and maximise grip in wet and greasy conditions. It delivers excellent protection, durability and a long life expectancy, and has a soft fleecy liner that guarantees a warmth and comfort in cold working conditions.

Typically used for:

- Construction Work
- Glass Handling - Wet & Dry
- Cutting & Processing
- Drainage Works • Engineering Work
- Metal Fabrication
- Oil & Petroleum Operations
- Manufacturing & Assembly
- Oil & Chemical Processing
- Plumbing • Scaffolding
- Railway Maintenance

Case Quantity:

10 pairs per polybag
60 pairs per case
