

Matrix[®] GH100

Matrix[®] GH100 is a seamless knitted liner with a polyurethane palm coating. This light, breathable glove is close fitting and flexible, and adapts to the hand's movement making it extremely tactile and perfect for high precision work. It features a polyurethane palm coating that offers excellent abrasion and tear resistance, and is highly resilient allowing for continuous wear without irritation. The elasticated knit wrist ensures a secure fit and keeps the hands free from dust and debris. A very comfortable glove with excellent grip, the Matrix[®] GH100 also offers exceptional value for money.

Typically used for:

- General Assembly
