

Intens Maxi LED

Design Philippe MICHEL

The INTENS MAXI LED lamps are the latest members of the INTENS family. They combine solid technological assets with the proven and acknowledged ergonomics of Manade lamps with double and triple articulation. The flexible portion is in steel and brass, with the head being made of steel.

Plug-mounted driver that can be disconnected for easier cable fitting.

INTENS MAXI LED THREE 2.3 W LEDs WITH LENSES

Energy A++

A 3-position switch enables 2-LED or 3-LED lighting to be selected and the light intensity to be adjusted for optimum visual comfort. The quality of lighting goes hand-in-hand with solid ecological arguments: low energy consumption and an exceptionally long life.

INTENS MAXI LED VARIATION THREE 2.3 W LEDs WITH LENSES

Energy A++

An illuminated push-button under the lighting unit acts as an on/off switch and as a dimmer. One light touch activates the on/off facility. A longer touch adjusts light intensity.

Fluid, intuitive control of desk lighting for comfortable use.

INTENS MAXI LED VARIATION & DETECTION TWO 2.3 W LEDs WITH LENSES

Energy A++

A motion sensor triggers the switching on and off of the two LEDs. After an initialisation phase of 45 seconds after switching on, the user can switch the lamp on and off manually and adjust light intensity by means of a sensor switch under the head.

Automatic lighting control and optimum energy consumption for this high-comfort version.

The plug-mounted driver can be disconnected.

Colour options

- 01 White
- 51 White RAL 9010
- 20 Sand
- 47 Clay
- 29 Silver
- 27 Anthracite
- 24 Black
- 07 Chocolate

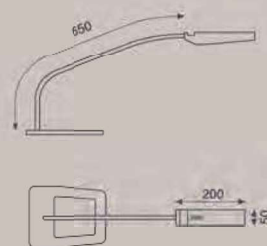

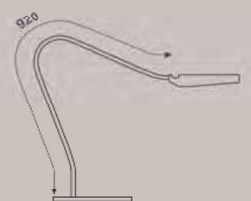

FIXING OPTIONS

(Specific fixings are available on request)

- S** Base, 280x220/180 mm, in 6mm thick steel (Weight 2.2 kg)
- P** Clamp, opening height 75 mm and depth 65 mm
- PC** Clamp for sliding top, opening height 25 mm and depth 50 mm
- PAV** Anti-theft clamp, opening height 50 mm and depth 75 mm
- M** Through-desk fixing
- SURF** Adapter for DUP toolbar and SUM wall mounted toolbar
- NP** Adapter for NEW PORT toolbar
- RC1** Fixing for the central groove of NEW PORT toolbar
- RC2** Fixing for the central grooves of ISOLA 2 screen
